STUDENT RELEASE FORM

(This form is to be completed either by the parents/legal guardians of minor students involved in this project, or by students who are more than 18 years of age that are involved in this project.)

Dear Parent or Guardian:

I am a teacher participating in a project with the Central California Writing Project. Reflecting on student work helps us to examine and improve teaching practice. I may share our practices with others in writing and on the web. The primary purpose of this type of professional development is to enhance student learning and encourage excellence in teaching. The samples we share of student writing, video, and photography focus on the teacher's instruction, not on the students in the class.

No student's last name will appear on any materials that are shared.

Please fill out the form below if you give your permission for your child's work to be used in our work with other teachers.

Sincerely,

(Participant's Signature)
